LOCAL LAWYER TO BE LIBERAL STANDARD BEARER

At a convention held in the Orphnum Theatre on Monday afternoon, Mr. Joseph E. Gillis, well known lo-

cal lawyer, was chosen for nomination as Liberal standard bearer in the forthcoming federal election campaign. Mr. Gillis will contest the Macleod riding and has confidence of winning.

THREE VACANCIES TO OCCUR ON TOWN COUNCIL

We understand that three vacancies will occur on the local town council to be filled in the forthcoming election. The retiring councillors are J. E. Gillis, J. Montabetti and W. J. Bartlett. We understand that one or two of the above will stand for reelection.

Other names have been mentioned as possible candidates for municipal honors, and it is said that the vacancies on the school board will be strongly contested.

LADY CURLERS ORGANIZE

A meeting of ladies was held at the Cosmopolitan hotel parlor on Tuesday afternoon for the purpose of considering organization for the coming season. An organization was effected with Mrs. Pinkney as president, Mrs. A. R. Grainger as secretary-treasurer, and Mrs. Bird, Mrs. Passmore and Mrs. Wilson executive. The ladies seem quite enthusiastic over curling and the rest of the province will hear from them occasionally during the winter months.

GRAND CONCERT THURSDAY NEXT

You want to bear in mind the grand concert that is to be held at the local opera house on Thursday night next, December the 1st, under the auspices and for the benefit of the Roman Catholic church. A great surprise in the array of stage artists will be sprung, and we will have greater reason than ever before to feel that we do not have to import talent to entertain our own people.

Part of the programme will consist of a display by the junior girls, under direction of Mrs. Lance Morgan, entitled "Roses." This will be beautiful and effective. Misses Bond, Sartoris and Brunetto, under direction of Miss G. Macleod, will present a smart act, entitled "The Yank Yank Man." These three little acts are clever and will win applause. A comic dialogue by Messrs. Jim Amatto and M. Cassina, entitled "Selling a Coat," will be worth the admission fee. The grand finale will be a tableaux, "Manumit," meaning Free Propriety. In this Mrs. Morgan will represent "France," Mrs. Frank J. Smith "Britannia," Mrs. A. Oliva "Italy," Miss E. Picard "U.S.A.," Miss Kathleen Tompkins "Canada," Miss Thibodeau "Ireland," Miss E. Cross "Scotland," Miss K. Gibeau "China," Miss M. Mancini "Japan," Mr. H. Pinkney "The Army," and Mr. J. R. Smith "The Navy." Come out and boost the local talent on Thursday night next, if there isn't seating space, Bartlett will be there to hook you up on the rafters.

LOO.F. GRAND MASTER TO VISIT PASS LODGES

Arrangements have been made for a joint meeting of members of Bellevue, Coleman and Blairmore Oddfellows, to be held in the local hall on tomorrow, Friday night, at 7 o'clock sharp, when the provincial grand master, Major W. B. Burnett, of Lethbridge, and other grand lodge representatives will be accorded an official reception.

Grand Master Burnett is endeavoring to establish the record of having visited more lodges in his jurisdiction during his term of office than any of his predecessors, and it is because of this that he is obliged occasionally to call for joint meetings.

A full attendance is urgently requested.

Rev. W. H. Stephens, of Winnipeg, representing the Bible Society, will deliver a special sermon on the activities of that Society next Sunday at 11 a.m., in the Union church. The collection will be turned over to the Bible Society funds. Rev. Stephens is a very eloquent speaker and a cordial invitation has been extended to all to attend this service.

TOWN OF BLAIRMORE INTERIM FINANCIAL STATEMENT

Following are a few abstracts from the interim financial statement drafted by the Secretary-Treasurer to be submitted to the annual meeting of ratepayers. We publish this for the benefit of the ratepayers, that it may be of some service to them at election time. We would like particularly to draw attention to the apparent deficit in waterworks and electric light figures, in which it must be remembered that this is caused by the paying off during the year of considerable debenture arrears; otherwise both departments have shown substantial surplus balances. Current receipts in both these departments during the year were greatly in excess of expenditures, and not since the town became an incorporation has it been in such good financial standing as at the present time. The high tax rate this year was occasioned to a large extent through the accumulation of tax arrears, a large amount of which has been collected since the estimates were drafted last spring. As a matter of fact the tax arrears collected were responsible for debenture indebtedness reduction and sidewalks improvement. There is no doubt but that our tax rate, municipal, next year, will be the lowest in the town's history.

The revenue account as at October 31st, 1921, shows a balance surplus of \$18,291.58. Expenditures include:

Debt reduction	\$ 418.40
Salaries	\$ 813.40
General Office expenses	\$ 397.72
Postage and Stationery	\$ 240.59
Interest and Exchange	\$1201.02
Public Works	\$2772.78
Health and Relief	\$ 313.85
Police Department	\$ 792.80
Fire Department	\$ 62.73
Street Lighting	\$ 798.15
Town Hall	\$ 925.50
Electric Defect	\$1491.36
Waterworks Deficit	\$1416.55
Tax Discounts	\$1662.96
Assets amounted to \$108,179.73, made up of waterworks system, elec-

STRANGLING WESTERN CANADA

Some years ago the good people of California became deeply engaged in the inclusive study of figures, both numerical and human.

The numerical figures were carefully and intelligently applied to business undertakings and soon attracted enormous investments of capital.

The human figures were carefully distributed around the California in parks, bathing-beaches, hotels and theatres, so as to create world-wide fame, soon attracting thousands upon thousands of tourists who came to share with native Californians the optical feast of beauty.

Incidentally there were the elegant and the rich agricultural areas.

Finally somebody struck off, bringing into the state the greatly received and no less greatly abused Mr. Rockefeller and his associates and competitors in the great petroleum industry.

From that time on the state of California has made record-breaking progress. It is now the eighth state in the Union on the basis of selling value of manufactured products.

California papers are now publishing the current figures on manufactures which are worthy of note, showing increases for the last five years:

Persons engaged in manufacturing, 296,999; increase 68.2 per cent.

Primary power used, 768,858; increase 56.6 per cent.

Capital invested, \$1,387,382,000; increase 51.1 per cent.

Value of product, \$1,039,112,000; increase 81.1 per cent.

Value of product less cost of materials, \$762,553,000; increase 187.4 per cent.

Then there is the fishing industry, which has grown from a small Italian colony, fishing to supply the San Francisco market, into a giant industry. A summary of results in this industry reads:

California leads all the states of the Union in the volume and value of fishery products: in 1920 a rather low year, 213,260,000 pounds of fish were caught in California waters, 118,500,000 lbs. being carlinides, 11,131,000 lbs. being salmon, balance tuna, albacore, barracuda and miscellaneous fish. The total value on conservative estimates of the boats used is over \$5,000,000 and the value of the nets and gear almost \$2,000,000.

Finally the state is carrying on its most modern line of development; the creation of enormous hydro-electric undertakings and irrigation projects. Limitless possibilities exist along this line of endeavor, and unless California is soon to be first in wealth, power and beauty among the states, progress upon some line not now in sight must soon develop evidence.

These facts are of paramount interest to us in British Columbia, and to our Alberta friends, because for purposes of efficient development British Columbia and Alberta are indissolubly linked together for purposes of interprovincial trade. British Columbia will always exchange fruit, vegetables, fish, lumber and European and transpacific products for Alberta wheat and coal. Each province will produce its own oil; each province has many and big water-powers available.

The first of our needs is a fair basis of transportation rates on basic products; that is to say on agricultural products, coal and lumber on terms of absolute equality Eastbound and Westbound figured on mileage hauled. We are absolutely and honestly en-

gaged in this transportation facility and for years have been taxed to get the railways which now can only be operated at a profit by giving a discriminatory rate.

Then we want and need immigration laws under which the British colon, who are seeking Colonial homes as a refuge to British Columbia and Alberta.

Given equal transportation tariffs and same immigration laws, British Columbia and Alberta will soon have more residents than all the rest of Canada. This will be good for the rest of Canada because under our Canadian commercial system the Western provinces will always find the best market for their manufactures in the Western territory.

The policy of "Strangling Western Canada," which is now carried on by the Ottawa Government, is highly injurious to the whole of Canada. The advantages sought to be given to East-bound traffic are illusory; are apparently not real, because they keep back development and restrict commerce.

A policy giving the two Western provinces the widest and greatest facilities for development along natural and geographical lines, along short hauls and interprovincial economies, freed from discriminations and inequalities, will be the policy which will add most to the wealth and progress of every financial, transportation and commercial institution in Canada—Vancouver Sun.

ALBERTA TEACHERS AND CANADIAN BOOK WEEK

During the week November 19-26 throughout Canada, schools, literary societies, patriotic organizations and all good citizens are invited to consider the claims of Canadian Literature. A reprint of an article giving an outline of the development of Canadian literature by Miss Marion Lockhart is being sent through the mails to teachers and others interested. It is hoped that teachers will make use of this article for a series of talks to their pupils during this week.

The associated publishers in Canada have decided to offer 500 Canadian book prizes for school essays on Canadian literature. Teachers who set essays on this subject are asked to send those they consider the best to Findlay I. Weaver, Executive Secretary, Canadian Authors' Week Campaign, 263 Adelaide Street, West, Toronto. The 500 best essays will be selected by a committee nominated by the Canadian Authors' Association.

When the essays are forwarded for competition, particulars as to the age of the pupil should be attached as this information will be taken into account in awarding the prizes. December 31st, 1921, is the closing date for receiving essays. Alberta has a large number of men and women who have attained fame in the field of literature. Doubtless this essay competition will show that amongst the boys and girls in the public and high schools there is talent which later will help us to hold our place as a literary people.

What Premier Meighen Stands For

"I stand for unity in Canada, for solidarity of conditions and freedom of enterprise within our own borders. The lesson for Canada and the free peoples of the British Empire is to avoid the pitfalls of all the nations which have preceded it and sunk in oblivion, and of those as well that are writhing in chaos and suffering. I shall strive with all my power for national unity, embracing all races, languages and creeds. I shall fight with all my energy for national solidarity, for moderation of thought and action, for orderly progress, for maintenance of law and order, and for policies which have brought us where we stand."

"My aim and object will be to hold the balance fairly and firmly among all classes, and to see, as far as that is possible, that the maximum of profitable labor may be given to all our people, and that they may be encouraged in the idea which I consider the foundation stone of national success, that intelligent effort shall always be suitably rewarded, that the men and women of this country may raise in stature and improve their minds and their material condition according to the measure of their endeavors. These I conceive to be the highest aims of statesmanship."

Lethbridge reports being in possession of two hundred men employed.

An exchange remark: "If prohibitionists abolish it, it's going to be hard to go back to light, when and how."

Freel Robbins, H. Rosenberry and J. Tucker were up from Elbow Creek on Monday to attend the labor convention.

About sixty thousand garment workers went on strike in New York city. They could put up with the shortening of skirts and the shortening of work hours, but protested against the shortening of wages.

Yes, perhaps a stool pigeon (looked up to by his blacker colleagues and the moral reformers as Mr. Gentleman), is a God-fearing individual. He will swear by his Maker that he is your best friend, and then back his lie by attesting to the fact that the evidence is against him. He is a chronic convict of you to the truth, the whole truth, and nothing but the truth; "We sometimes wonder how the authorities in heaven or hell adjudge such an individual and it must be a source of comfort to those in the former place that they never get to deal with such a chronic mocker."

Why Labor Should Vote for Hugh Shaw

EVERY member of a Labor Union must be a believer in a protective tariff from the very fact of his membership in a Labor Union. A Protective Tariff is enacted to protect Canadian labor and Canadian manufacturers against unfair and unequal competition from abroad.

Labor Unions even go further than this because they aim to protect against possible unfair competition by workmen of their own country, in fact against workmen living in the same city, possibly, in the same street.

Canadian industry requires protection against foreign competition but will take its chances against home competitors. Theorists, like Mr. Cramer, often make the academic charge that a Protective Tariff is immoral and selfish and solely for the benefit of the manufacturer, and is not reflected in the wage-earner's pay envelope. We have heard such men say that if some other country can produce goods cheaper than we can, then it is an imposition on those engaged in that particular industry in this country not to be permitted to buy the foreign goods. What those engaged in the home industry will do when driven out by foreign competition is a subject carefully ignored by these academic critics.

Industries to which protective Tariffs apply have some measure of protection against foreign competition, but Labor Unions have protection against both foreign and home competition, and, consequently, Labor Unions should be the strongest supporters of the principle of a Protective Tariff for Canadian industries.

Arena Directors Appointed

A general meeting of shareholders of the Blairmore Arena, Limited, was held on Friday night last at the Cosmopolitan hotel when the provisional directors and officials relinquished their roles of office and a new board of directors was chosen.

The minutes of previous meetings, dating back to that of October the 11th, were read by the secretary, Mr. Kelly, and certificate of incorporation was laid on table. The company is now full-fledged under the Companies Ordinance with a right to capitalization of \$20,000. The minutes were all approved as read.

The secretary announced the distribution of stock, showing that the West Canadian Collieries were holders of one third of the total amount subscribed and that two thirds was distributed among some forty subscribers. The chairman, Dr. Olivier, informed the meeting that Mr. Chabonier, manager of the W. C. C. Co., had requested representation on the board of directors of one third, proportionate to their subscription.

The question of voting was considered and decided that the rules as set down in the articles of incorporation be adhered to, where by stockholders would have one vote for every share up to ten, an additional vote for every five shares up to one hundred, and for every ten shares over one hundred.

It was decided by resolution that a board of nine directors be elected, and on nominations being called for thirteen names were submitted, and a vote returned by the shareholders as the board of directors. Dr. J. Olivier, J. E. Gillis, Harry Burns, F. M. Pinkney, G. N. Edwin, L. Morgan, W. H. Chapell, L. Vissac and R. Green, the last three representing the West Canadian Collieries.

A resolution was passed, ratifying the portraits already entered into, and requiring that all matters of business, such as appointing of officials, etc., be left with the board of directors.

The meeting adjourned, when the Board of Directors went into session on preliminaries. A. R. Granger was appointed secretary-treasurer, to be paid for his services for the season.

Owing to the heavy snowstorm, threeing has been suspended locally.

Mr. Giesbach is back to the Customs office, after a few weeks' holidays.

Peter Montalbetti is relieving manager Lamey, of the Union Bank at Bellevue.

The old Kaiser was evidently a good marksman. Now how the German mark has been shattered.

Hon. Arthur Meighen is said to be peeved because very few of the babies that are being named after him resemble him.

Mrs C. F. Selwig, of Lundbreck, was taken ill last week and has been obliged to enter the hospital.

Mrs R. J. Crooks of Frank, entertained at "500" on Thursday afternoon, at her home there. The prizes being won by Mrs. Kilpatrick and Mrs. Passmore. Those present were: Mrs. E. Ripley, Mrs. Bird, Mrs. A. Blais, Mrs. W. Scott, Mrs. J. Naylor, Mrs. M. Dean, Mrs. Johnson, Mrs. C. Johnson, Mrs. R. Moore, Mrs. G. Dixon, Mrs. M. Murphy, Mrs. B. McDonald, Mrs. Kilpatrick and Mrs. G. Passmore.

Through the co-operation of the provincial government, the Red Cross Society has been able to complete plans for the re-opening of the hospital at Foremost. This institution was closed owing to crop conditions in that district and the people requested the Red Cross to take it over. The provincial headquarters of the Red Cross are sending nurses and supplies and the institution, which has a capacity of nine beds, will be opened under their administration.

A Public Sale

The undersigned having decided to devote all his time to the prohibition movement in Blairmore, will sell at public auction at the corner of Wall Street and Portage Avenue, Blairmore, at 1:30 o'clock on the morning of Saturday, November the 26th, the following described property: One Poland China Bull, good as new; six milk cows, consisting of three full cows, which in falling autumn trained their milk; otherwise sound; and three two-year old and are sound; one Plymouth Rock cow that will have puppies by day of sale; one weather permit; eight beaver; Leclaire plow with golden hair tongue down their backs; one old-fashioned good saw with directions for use; one triple expansion patent lever bicycle, with full jeweled mud guards; one sky with full set of clouds; and pink sulky plow; will be fresh by time of sale; four sweeps, good workers; if needed right, equipped with fly net; a pair of broad and narrow tread frames of horses; one Berkshire sheepsbaw with ball bearings, gears 120, can trot, pace or gallop; twenty-two steel traps with good open snout-ends; one jagged saw; one jagged saw, with the jagged broken off; two falling top lugs; and one on which the top has fell; one large Oliver chisel hand roller, with valuable bones; one fine cherry black jacks with good open snout-ends and a splendid boxer, no German, otherwise sound; one double-breasted emporad, fleece lined; one stationary black oven; two fine hand-painted, bold, with automatic catch; one new adjustable cross-eyed fountain pen; the thing for a left-handed person; one colored dog, constructed on the grass-hopper style and rather heavy; fifty ball maces, smooth, mottled, with trunk attached, will work anywhere except in the Prohibition, Union or Labor parties; sound; one Henry machine, equipped with electric light, self-stopper, patented lever at the garage or roadside; good single driver or self-work; one safety company single-handed, not at all scared of automobiles or trains, sound as tin; five fine goats, two of which are willies with red whiskers. These goats are good-natured and are very strong. Also one feed grinder with false teeth, otherwise sound; several tons of better dust in sack, and other articles too ridiculous to mention. Remember date and time of sale. Terms made known and after daylight on day of sale. Land will be served on the ground, or may be taken by the wiles of the men, because I haven't one myself. They will be assisted by their well-bred husbands. Angelo De Croppas will be auctioneer and will knock all hands down. Value of this material, owner, must raise enough money to pay for this ad.

Visiting members of above branch of the Order cordially invited to attend these meetings.

Items of Local and General Interest

Hallmarks consumed 150,000,000 tons of coal in 1917.

The new C. P. R. station at Cardston has been completed at a cost of about \$20,000.

A shell weighing about seventy pounds exploded into a shower of 1200 pieces.

Have you ordered your Greeting Cards? If not, call at The Enterprise now.

The Initiatory Degree was conferred on a class of candidates at the local I. O. O. F. meeting Tuesday night.

The Women's Institute are arranging for a grand bazaar to be held at Lundbreck on December 10th.

The annual convention of the Social Service Council of Alberta will be held at Edmonton on Wednesday and Thursday next.

The widow of the late James J. Hill, president of the Great Northern railway, died at her home at St. Paul on November 22nd.

Rev. Dr. Sparling, eminent Methodist divine and former pastor of Grace church, Winnipeg, died at London, Ontario, on November 21st.

Mr. and Mrs. J. B. Smith will move into their palatial bungalow next week. The house being vacated by Mr. and Mrs. Smith will be occupied by the Knappan family.

While the Prince of Wales was entering a building in Bombay, a club was thrown at his head by one of the crowd of operators. The assailant escaped in the confusion that followed the attack.

It is expected that the explosion of R. B. Bennett at the opening of the assembly night will be some shattering among other political factions. Ladies especially are urged to keep cool during the performance, which may last a few hours.

S. Perry Hamilton, of Edmonton, has been selected as the Alberta Rhodes scholar for 1922. He is holder of a bachelor of arts degree from the Alberta University and during the war won the Military Medal. He is a native of Manitoba.

The November issue of Rod and Gun in Canada will delight the sportsmen of the Dominion with its splendid cover painting showing a picture of a ring necked duck in natural colors. The many interesting stories and articles in this issue include a splendid duck hunting story entitled "Twenty grains of ballistics and one and one eighth ounces of number six."

A thrilling account of one of Captain Joseph Bernard's exploratory trips in the Arctic regions also appear in the November issue. For the trapper and lover of outdoor life there is the trapper department ably edited by M. U. Bates, from material obtained on his own trapline. The usual department appears in this issue of Canada's National sportsman's monthly. Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

A dance will be given at Hillcrest on Monday night next.

Coleman reports skating and curling—just about a week ahead of Blairmore.

Mrs. D. L. Campbell and Mrs. Margaret Loughhead, of Pincher Creek, spent the past week in town, the guests of Mrs. E. H. Joyce, 8th Avenue.

Oiga Belceky, who recently underwent an operation at the local hospital for appendicitis, has sufficiently recovered to be removed to her home at the Cosmopolitan.

Mr. H. P. Long, of the sport department of the Lethbridge Herald, was in town on Monday—just brushing over the soil that became somewhat ruffled last winter during the hockey season.

G. N. Elwin and family will next week move into their new residence in West Blairmore. The residence on Stuart Street, now occupied by Mr. Elwin, will be occupied by Mr. Hoffman and family.

George Parkovitch, whom we last week mentioned as having been arrested at Victoria on a charge of having obtained money under false pretences from a chum of his at Hillcrest, appeared before a Magistrate G. Ham on Tuesday and was remanded for trial, being admitted to bail.

At the regular meeting of the local I.O.O.F. lodge on Tuesday night, nomination for officers took place, with the following result: W. Patterson, J. P. G.; John Patterson, N. G.; B. McEwen and M. S. Hoffman, R. S.; J. B. Harmer, F. S.; J. Montalbello, Treasurer. Nominations and elections will conclude at the regular meeting.

Recently two men entered the Government liquor store at Grand Forks, B. C., and asked for a bottle. The vendor turned to get the bottle, when one of the men pointed revolver at him, with the command to "stick 'em up!" The till was rifled of all money. The police arrived on time to exchange shots with the men, but they escaped.

Danger of Ignorance

A man thought to make the arduous task of turning a grindstone easy. He fixed up a belt and tried to operate the stone with his automobile engine. The result speed of which drove the grindstone caused it to burst. A portion of it hit him in the neck and killed him.

The moral is that it is wiser to seek the advice of a man who understands mechanics than it is to proceed upon the theory that one knows all about things, and can dispense with the advice of better informed men.

The regular meeting of the town council will be held on Monday night next.

At the time of going to press we have not ascertained the dates and places of the Liberal candidate's meetings.

Isn't it strange that just when a political wave is sweeping over the country people are inclined to pray "God Save The King!"

ADVERTISING

What is the largest amount of advertising ever carried by an American publication? So far as we have been able to ascertain, the record is held by the Ladies Home Journal, of Philadelphia, which in the October number of 1919 contained \$1,000,000 worth. Several popular magazines have printed \$500,000 worth in a single issue. Of the weekly magazines the Saturday Evening Post easily leads it contemporaries with a record of over \$500,000 in four successive issues in 1920.

Scientific Salesmanship

"Scientific salesmanship," says Irving Fletcher, the brilliant reconstructor, at a Splendid Club dinner, "may be carried too far."

"In a hardware shop the other day I was buying a wrench for my car when a morbid-looking young man came in and said: 'Quarter's worth of carbide acid, please.'"

"The scientific salesman smiled and shook his head gravely. 'This is a hardware shop, not a drug store,' he cooed, 'but is there nothing we can show you in the razor, revolver or lamp-repair line?'"

THE REVIVAL OF FRANCE

We have to thank Mr. Chamberlain for a pamphlet bearing the following interesting information regarding France and showing to what extent that country has suffered in the late war.

France took up arms only in self-defence, endeavoring at the same time to maintain Justice and Liberty for the World.

For nearly five years, her richest provinces have endured continual martyrdom. Besides the ruin brought on by regular warfare, must be added the ruin caused by systematic organized destruction.

And yet, by her own means, from day to day, these ruins are reviving; houses arise from the ground, fields are covered with promising crops.

The few plain figures shown below will give some idea of the immensity of the devastation and the gigantic effort made for her reconstruction.

France of today is the same as the France of yesterday. In Peace as in War she continues to work with steadfastness, courage and confidence.

Number of men aged 19 to 50 mobilized during the war, 8,400,000. Number of men killed, 1,264,000. Mutilated, 740,000. Wounded, 3,000,000.

The destruction caused by the war and reconstruction up to May the 1st, is shown as follows:

Inhabitants departed because of the war, 2,608,728; returned up to April 1, 1,975,798.

Mentelities abandoned, 3,256; re-established, 3,216.

Schools before the war 7,271; re-established, 6,830.

Established 6,830. e-side demw emt en Houses destroyed 789,000; re-built 10,213; repaired 326,700.

Land devastated 5,240,000 acres; cleared from projectiles, wire entanglements and trenches 6,881,000 acres. Surface of arable land to be put in order 4,571,000 acres.

Stock carried away by enemy: horses and mules 367,000; restored 95,303. Oxen 525,000; restored 120,284. Sheep and goats 409,000; restored 128,164.

Roads destroyed 32,369 miles; temporarily repaired 15,335 miles, definitely repaired 6,426 miles.

Railroads destroyed: main lines 1030 miles repaired 1030 miles; local lines 1490 miles, repaired 1262 miles.

Factories having at least twenty employees 5,297. Destroyed 4,700; resumed work 3,045.

All France is devoting her energy to the task of reconstruction. The Government has undertaken the overwhelming task and cost of the total reconstruction of the devastated regions and will not fail in this sacred pledge. But mere reconstruction is not sufficient. A chance for development and improvement is afforded and must not be lost, and above all, it is urgent to give this unfortunate population, which has endured the worst treatment, which has often suffered martyrdom, while the half of France and the world was at stake, a fresh belief in the joy of life.

Already, this has been understood by private initiative, also from communities, cities and whole provinces. From all parts of the world, gifts and offers of adoption have been received and more, we hope, are still to come. A vast field of action is open for the demonstration of Human Brotherhood. The reconstruction of the home by the French Government is not everything; works of general

Don't overlook the "Eversharp" for personal use or as a Christmas Present to a friend. Catalog listing 1,000 Books free with your order. Nothing like Books for Christmas Presents. Address, naming this paper.

DIRECT SALES SERVICE (Book Department) TORONTO, ONTARIO

welfare have to be undertaken: water supplies, public hygiene, established, maternity, dispensaries, etc. The populations of the devastated areas believe that they can rely on the spirit of solidarity of all those who have measured the magnitude of their sacrifice and understood their unquestionable right to the fullest reparation. Besides shelter and bread, they are entitled to Peace and Happiness.

There will be skating for all comers and especially hockey players, at the Smelter rink in Frank this evening. There will also be a hockey practice on Sunday afternoon at the Frank rink. Skating has been going on there for the past few days. The falling snow is all that has prevented ice being made in the Arena here. However, within a few days, weather permitting, the new rink will be flooded.

Meetings will be held in the interest of the national progressive candidate, Mr. G. G. Coote, at the Orpheum theatre, Blairmore on Tuesday next, and at the opera house, Coleman, Wednesday next, both at 8 p. m. The meetings will be addressed by Mr. Coote and Mr. H. W. Wood, president of the United Farmers of Alberta.

Fire which originated in the basement of the Woolworth building in Calgary on Saturday morning completely gutted the building as well as the Royal Bank building adjoining, doing damage to the extent of about \$200,000. Several firms sustained injury.

Miss Gladys Gibson, returned home on Monday, after spending a few months in Calgary.

The West Virginian, the finest United States superdreadnaught, will be scrapped. She had just been launched at a cost of many millions of dollars.

A meeting of the "Lectors of the town of Blairmore is called for Monday night next, at 8 o'clock for the purpose of receiving the interim report of finances of the town up to and including the thirty-first day of October, 1921, and other reports from the different department committees.

Being cross examined by Mr. McKinnley, Cameron, a "snipe" in the court at Coleman admitted that his expense account, made up of living, housing, gambling, treating, etc., was being paid by the government's department of attorney general. Statistics such as this should make valuable fillers for the pages of the moral reformer's scrap books. These individuals are taught to manufacture optimism. They are taught to gamble and drink and their tuition fees are advanced by one of the foundations of our government that should by all means be considered sacred. One of these snipe-pigeons has admitted that previous to employment by the department of attorney general he scarcely knew the taste and effect of drink, but now he was obliged to drink frequently and knew well its taste and effect.

ANNUAL MEETING

OF RED CROSS

The annual meeting of the local branch of the Red Cross Society was held on Wednesday afternoon at the Masonic hall, presided over by the president, Mrs. J. M. Carter.

Very encouraging reports of the work done by this branch during the past year were read by the secretary, Mrs. J. R. Smith.

By the financial statement it was found that the sum of \$308 remained on deposit at the bank, and the question arose as to whether all or any portion of this amount should be forwarded to Calgary to assist in the present relief campaign. No immediate needs for funds were apparent locally, and a resolution was strongly endorsed by the meeting that one half the amount be remitted to Calgary for the above purpose.

The election of officers resulted in the entire executive being re-elected to serve another year, the resolution expressing confidence in the executive.

It was decided that regular monthly meetings should be continued on the first Tuesday of each month.

The president reported having on hand a quantity of semi-ready articles and asked for volunteers to make up same in the event of their being needed. Several volunteers reported.

It was decided that the flag, made up early in the year by this branch, would be mounted on a roller on the walls of the Masonic hall, permission from the Masonic Order having been granted.

Tea was served and a neat little sum realized therefrom.

SAVAGE WITH TAILS

Do men with tails exist in less known parts of the world? Dr. Carl Lumboltz, a distinguished American explorer declares that such people do exist. He has just returned from two years in unknown parts of Borneo, where he says that he found several members of savage tribes with stumps of tails. "These people," says Dr. Lumboltz, "are evidently the outcome of inter-marriage with a completely tailed race, because according to statements by head men of the tribe, these children with a vestige of a tail appear from time to time. They do not consider their appendages exactly as a disgrace; nevertheless they are extremely sensitive about them, and I had difficulty in persuading them to allow me to examine them."

Miss Doris Knapman is spending a few days with friends in Lethbridge.

We learn that Miss P. Moran is resigning her position with the local branch of the Union Bank.

It was so cold on Sunday last that it was difficult to get "two feet" from the stove.

Ladies should be more careful about drawing the color line and not get the blush of one cheek higher than the other.

The public schools now open at 9:30 in the morning, instead of 9 o'clock during the summer months.

A window cleaner fell from a ledge of a lady's head on a frosted window looks more natural than most of the ladies' heads we seen on the street. They carry less artificial coloring.

An editor was murdered in Arkansas the other day and the murderer was sentenced to 99 years in prison, while a fellow who killed a lawyer got off with seven years. Prospective murderers please take notice.

We have discovered that the shadow of a lady's head on a frosted window looks more natural than most of the ladies' heads we seen on the street. They carry less artificial coloring.

An editor was murdered in Arkansas the other day and the murderer was sentenced to 99 years in prison, while a fellow who killed a lawyer got off with seven years. Prospective murderers please take notice.

COWLEY HAPPENINGS

Miss Margaret Kemmis has been visiting friends in Nanton.

Mr. Fulton has returned to Edmonton after an extended visit with relatives here.

James Edwards has returned from a short visit to his old home in Missouri.

Milton Robinson and family have moved to the ranch of the late William Robinson.

On Friday evening, November 11th, the West Wind Club gave a party in the parish room of the Anglican church for the youngsters.

A foot or more of snow covers the ground and it is to be hoped that the weather man will hold back his wind and not cause the mantle to drift.

The Banff orchestra gave a dance here on the night of November 14th. Owing to the inclement weather, the crowd was not as large as it might have been, but everyone seemed to enjoy themselves. The Women's Institute furnished supper.

We understand that the partnership existing between James Smith and C. N. Cyr is to be dissolved at the end of December, Mr. Cyr to retain the Cowley meat and grocery market, while Mr. Smith will assume the markets at Lundbreck, Hillcrest and Bellevue.

Mr. Coote, the Progressive candidate, held a meeting in Cowley on November 11th. Others who addressed the meeting were D. C. McDougall and Stephen Lunn, on behalf of Mr. Coote, and R. O. Allison and John Herron on behalf of the Neighen government.

Mr. Wilbert Fortier, of Cowley, and Miss Marion Griffiths, of Prince Edward Island, were united in marriage recently. On arrival here they were met at the station by a band of Cowley citizens who serenaded them over the town. Talk about noise! Bing! Bing!! Bang!!!

COLEMAN HAPPENINGS

Born, on Monday, November 14th, to Mr. and Mrs. Edgar Ash, a daughter.

Misses Mary and Jessie McKay spent Saturday evening at Carbonade, the guests of Mr. and Mrs. Herdman McLeod.

Mr. Edwards, of the hockey team, has been suffering with a sore throat and was moved to the hospital on Sunday morning. We hope for a speedy recovery.

Miss Gemmill will give a lecture in the Institutional church at 3:15 on Friday afternoon for girls and women, and she will also speak in the evening at 8 o'clock.

Mr. Hutcheson, inspector of public schools in the Macleod inspectorate, inspected the Coleman school last week and reports the school to be in good working order.

The rink opened on Monday night, much to the joy of all skaters. The hockey boys had a good work-out and all are unanimous in saying that the new lights are a great improvement.

The Senior Hockey dance on Friday night was a success, in spite of the very severe weather, for although the extreme cold kept people from other towns from attending, everyone in Coleman was present and all report a good time. The music was furnished in an excellent manner by Stokes' local orchestra.

Mr. Patton, of the University of Alberta Department of Extension, gave a very interesting lecture in the Institutional church on Sunday evening, November 20th. His subject was "Protection and Prosperity," and was the first of a series of Extension lectures that are being delivered under the auspices of the local Miners' Union.

A convention was called at the courthouse last week end, when we

27 Years the Same Good Tea—and Always in the Sealed Package

The Federal Elections

It is a commonplace in all election campaigns for speakers to declare that that particular election contest is the most vitally important one ever held in the history of the country. To some extent, perhaps, such a statement is correct, because, as time passes and a country grows in population and wealth, coupled with the onward march of education, science and invention, national issues and problems become greater and more complex, and naturally more is at stake in reaching a right or wrong decision than was the case in years past when we lived in other and less strenuous times.

In one respect at least such a declaration this year has a weight and meaning that ordinarily does not attach to it. Usually the people of Canada are given an opportunity of passing judgment upon the men who administer their domestic affairs, and recording their verdict on domestic questions, every four or five years. It is, however, ten years since the people of this Dominion had an opportunity to make their wishes known in regard to policies having a direct bearing on questions of domestic concern.

In the last general election in Canada domestic questions were not up for consideration, and they played but a small part with the electors in the marking of the ballots. The issue in 1917 was a war issue. It occupied the minds and hearts of the people to the exclusion of everything else. It eliminated old party lines and broke party allegiances extending over generations. Tariffs, financial administration, domestic problems of all kinds, were thrown, temporarily at least, into the discard. The issue in the minds of the people, practically to the exclusion of everything else, was whether the Military Service Act should stand or fall.

Thousands of conservatives who in 1917 voted for Liberals and Liberal-Unionists, and thousands of Liberals who voted for Conservatives and Conservative-Unionists, and in so doing sunk all party views, confidently expected that, as soon as the war was over, they would be given an early opportunity to express their views on purely domestic questions. Three years have passed since the signing of the Armistice, and the long waited opportunity has now come.

For the first time since the Reciprocity election of 1911, the people of Canada will, on December 6th next, declare their will in regard to matters of policy and administration affecting purely domestic affairs. No question of war, or Empire, or foreign policy is involved in the present contest. The issue can be decided with an eye and mind single to the individual voters conception of what is best for Canada in a purely domestic sense.

During the decade that has elapsed many things have transpired which cannot have failed to broaden the vision of the people of Canada. The war itself, and the after-effects of that great struggle, have left an indelible mark. In 1917 citizens only enjoyed the right of the franchise; on December 6 women will go to the polls and cast their ballots on a basis of full equality in citizenship with men. Questions vitally affecting the material welfare of the Dominion are to be decided, but there has arisen a new conception of the duty of government towards the social and moral well-being of the people who in themselves make up the Dominion.

In 1911 doubts were cast, unjustly so, on the loyalty of many Canadians over what was, after all, solely a domestic question. But the war settled all doubts as to the loyalty of the people of this Dominion. They proved themselves Canadian and British both in the East and the West. The war settled the loyalty cry forever, thereby rendering a great service to this country, and any man who tries to resurrect it will prove himself a traitor to Canada and a mighty poor politician.

For these reasons alone it is well within the bounds of truth to say that the approaching election day is a most momentous one in the history of the country, and probably the most important since the day of Confederation. It presents an opportunity for the exercise of good citizenship for which all Canadians have been eagerly waiting. Old hard and fast party lines have been shattered, whether for good or ill time alone can tell. New ideas in governmental forms and methods are prevalent; the franchise has been broadened to its utmost limits; the party leaders are directing affairs; a new national conscience has been awakened.

It, therefore, behooves every man and every woman not only to exercise the right of their great national birthright—the marking of a free ballot—but to perform that act only after the most careful study of national problems and with intelligence and an eye single to the welfare of Canada. The popularity or personality of the individual candidate is one thing, but the voter cannot wisely be guided by that alone; he or she must take a bigger, broader look ahead and consider opposing policies in the light of present-day conditions and needs and the prospective requirements of the Dominion. Old party enthusiasms have waned, but let there be a new, greater and better enthusiasm on election day—an enthusiasm for Canada itself.

Expressing An Opinion

Old Salt Resented Being Called Fancy Name

"I say, my good man," said the loquacious old Englishman to the ancient mariner, "can you tell me the correct name of that magnificent bird which keeps circling about us?"

"A halibut, sir," responded the old salt.

"Halibut? Quite a rare avis, isn't it?"

"Dunno, I've always heard it called a halibut."

"Yes, yes, my good man, but I call it a halibut."

blin-a-rara avis just as I call you a genus homo!"

"Oh, do you?" angrily retorted the old salt. "Well, then, I call it a halibut just the same as I call you a liar."

Worms in children. If they be not attended to, cause convulsions, and often death. Mother Graves' Worm Exterminator will protect the children from these distressing afflictions.

Expensive Special Train

King George Said It Was Unnecessary

Expensive

A good story has reached the Daily Star about King George and a recent meeting of ministers. When the King was visiting Bolton Abbey he summoned a council, to which two Cabinet Ministers hastened on a special train. Later, the bill for the train came in—a little matter of two hundred pounds. Thereupon the King made this pointed observation: "It was a damned waste of money. The expenditure was quite unnecessary."

But as he never interferes in constitutional matters, the British public will pay the bill, and, adds the Daily Sketch, "endorse His Majesty's sentiment."

Professional jealousy plays havoc with many professed friendships.

Minard's Liniment Used by Veterinarians

New Canal Needed

Panama Will Soon Be Too Small for World's Commerce

It is proposed that the American continent should be cut through again. The present Panama Canal is used by an ever-increasing number of ships, and all the authorities are agreed that in fifteen years' time it will be quite inadequate for the world's commerce.

There is a possibility that, instead of making a second canal at Panama, the Nicaragua route may be followed. This was the original plan of the Americans before they took over the French works at Panama, and as far back as 1826 a survey was undertaken there on behalf of a British company.

Owing to climatic causes, ships would have to spend 48 hours more on the Nicaraguan route than by way of Panama, but against this the distance to San Francisco and New York ends of the Nicaraguan Canal would be 500 miles shorter than from the ends of the Panama Canal.

Do Large Breaths Hurt? Is Your Chest Wheezy?

Proper treatment is a vigorous rubbing of the chest, neck and nose with good old Neroline. This wonderful liniment sinks into the tissues where the pain is seated and gives instant relief. That catch disappears, all sense of soreness goes quickly. Just try Neroline for chest-tightness, coughs, cold and soreness. It's a wonderful liniment, saves the whole family from numerous minor ills and should be in every home. Large bottles, 50c at all dealers.

Rural Conversation.

First Rub.—How much milk does your cow give now?

Second Rub.—Oh, right onto 20 quarts!

First Rub.—And how much of it do you sell?

Second Rub.—Thirty quarts.

KEEP HEALTHY DURING WINTER

Colds and Diseases May be Avoided if the Blood is Kept Pure

Do not let your blood get thin this winter. For people who have a tendency towards anemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, and the more restricted diet are among the many things that combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath, it is a warning symptom of thin blood. Take a short course of treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white and your eyes dull. It is so much easier to correct thinning of the blood in the earlier stages than later. This is well illustrated in the case of Mrs. E. W. Hous, Elk Lake, Ont., who writes: "I take great pleasure in telling you how the benefit I have found in the use of Dr. Williams' Pink Pills. I was in an anemic condition, was very weak and run down. The least exertion would leave me breathless and it was with difficulty that I did household work. I was advised to try Dr. Williams' Pink Pills, and after the use of four boxes I felt like a new person. In fact my system seemed filled with new energy and new life. I am now able to do all the work of all who feel weak, or run down."

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuritis, after-effects of grip or fever. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

You can procure Dr. Williams' Pink Pills through any dealer in medicine, or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to Dr. Williams' Medicine Co., Brockville, Ont.

The Two-Anxious Mother. A certain Irish Member of Parliament, popular and a bachelor, had been very polite to the daughter of the house where he was visiting. When the time came for him to go, the two-anxious mother called him in for a serious talk. "I'm sure I don't know what to say," she went on, "it's reported all around that you are to marry Letitia." "Just say that she refused me," quietly advised the parliamentarian.

Man wants but little here below, but woman wants a lot when she can get it below cost.

Hot Lunches For School

BY LORETTO C. LYNCH

An Acknowledged Expert in All Matters Pertaining to Household Management.

So many women have been asking me what to do to help their kiddies get ahead in the serious business of going to school, and most every letter asks just what to give the kiddie to eat for luncheon or dinner. Personally, I am opposed to any child carrying a cold-luncheon to school every day of his school life. It is not the business of every mother to do all she can to help her child obtain a warm luncheon. Best of all, prepare the luncheon for the child yourself.

Since the time allowed for luncheon in many schools is short, the mother should see to it that the luncheon is ready for the child to eat just as soon as he arrives. It is cruel to make a child run errands on his all too short lunch hour.

For the guidance of mothers, let us be guided by the annual report of the School Lunch Committee of the Home and School League, Philadelphia.

Where expense must be carefully considered, the following outline may be used as a guide:

Monday—Hot baked beans, roll with butter, cocoa or milk, and sweet crackers or ice cream.

Tuesday—Vegetable soup, roll with butter, junket, milk or cocoa.

Wednesday—Creamed beef on toast, roll with butter, sweet crackers and milk.

Thursday—Macaroni with tomato sauce, graham bread and butter sandwich, dates, cocoa.

Friday—Creamed salmon, rice bread and butter, sweet crackers, milk.

Where expense is not to be so carefully considered, foods all suitable for school children may be selected from such dishes as soup—tomato, green pea, split pea, white or black bean.

The soups are very inexpensive when made from the dry peas or beans which are soaked over night.

Hot dishes, such as spaghetti with tomato sauce, mashed potato with green peas, baked beans, corn pudding, meat stew or a hot roast beef sandwich.

Passing through a city meat market the other day I saw lamb for stewing for eight cents a pound. A pound of this stewed with onion and carrot and potato or rice and a little tomato would make a delicious dish for the noonday lunch.

Salads—Such as potato, egg, fruit or green vegetable, might find a place in the child's lunch.

Fruits—As apples, bananas, stewed dried fruits, raisins.

Drinks—Milk or cocoa or cereal coffee made with all milk may all be used freely.

Desserts—Plain cake or wafers, or sweet crackers, ice cream, chocolate sauce, simple baked pudding of rice or other cereal or baked egg custard, or sweet chocolate are all allowable.

Order folks who must eat out would do well to consider such dishes as those suggested when ordering a mid-day meal at the restaurant. The foods are nourishing, palatable and easily digested, allowing the brain to do its work better during the afternoon than if such dishes as roast pork or fried oysters and mince pie and strong coffee are taken.

The midday luncheon should be planned for, making allowance for leftovers on hand. It should be shopped for carefully so that nothing shall be forgotten. One hot dish, some sort of bread and butter and a simple dessert should be found on the luncheon table at even our poorest children. And if you have been feeding the kiddie a cold luncheon, try giving him a hot one and watch him improve.

If you patronize home industry, buy from the merchants in your own town.

Minard's Liniment for Disasters

V.C. Awarded to American Soldier

Unknown Warrior First Non-Britisher to Receive Decoration

The Victoria Cross, Britain's most prized war decoration, never before placed on the breast of a man not a British subject, was bestowed upon the unknown American soldier buried in Washington.

Earl Dosty, admiral of the fleet, placed it on the flag, and saluted as he stepped back. Then, General the Earl of Cavan, representing the King in person, spoke briefly of the services this humble soldier had rendered not only to the United States, but the world, there in France.

Marshal Foch, of France, stepped forward, and with every show of feeling, placed above the quiet breast the Medaille Militaire and the Croix de Guerre. He cited the dead soldier for valor, speaking in French, saluted, and turned away to let General Diaz bring forward and pin in place Italy's gold medal for bravery.

Going East for Christmas

Special Home Visitors' Fares Over Canadian National Railway

Many residents of the prairie provinces will be planning to spend Christmas and New Year's with the old folks back East. Having this in mind, the Canadian National Railways have made arrangements to issue round trip tickets at the price of single fares and one-third from stations in Manitoba (Winnipeg, West), Saskatchewan and Alberta. These tickets will be sold from December 31, 1921, to January 15, 1922, to all points in Eastern Canada, and will be good to return within three months from date of issue. Get in touch with any Canadian National Railway Agent, who will supply any information and assistance in planning your trip.

Seeks Loan For Sin Fines

Rev. Michael O'Flanagan, vice-president of the Sin Fines, was enthusiastically greeted by Sin Fines adherents at New York recently. One of the objects of his visit to the United States, he said, was to assist in raising a \$20,000,000 loan for the "Irish Republic."

Japanese Invented Folding Fan

The ordinary folding fan was invented in Japan in the seventh century by a native artist, who derived the idea from the way in which the blades close its wings.

You're Constipated!

Take "Cascarets" For Liver, Bowels

Sick headache, biliousness coated tongue or sour gassy stomach—always trace this to torpid liver and delayed, fermenting food in the bowels. Cascarets work while you sleep. They immediately cleanse the stomach, remove the sour, indigestible food and food wastes, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. Get a 10-cent box now and let "Cascarets" straighten you out by morning.

Mother! Move

Child's Bowels With California Fig Syrup

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, croup, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Order folks who must eat out would do well to consider such dishes as those suggested when ordering a mid-day meal at the restaurant. The foods are nourishing, palatable and easily digested, allowing the brain to do its work better during the afternoon than if such dishes as roast pork or fried oysters and mince pie and strong coffee are taken.

TO WOMEN OF MIDDLE AGE

This Woman's Letter Tells You How To Pass The Crisis Safely.

Lancelotti, P.Q.—"During the Change of Life I felt so weak and run down I could hardly do my work. The perspiration would pour over my face so that I couldn't see what I was doing. We live on a farm, so there is lots to do, but many who felt as I did would have been in bed. I took Lydia E. Pinkham's Vegetable Compound and it did me a world of good. I tried other remedies but I put Vegetable Compound ahead of them all, and I tell every one I know how much good it has done me." Mrs. DUNCAN BROWN, Lancelotti, Prov. Quebec.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women, and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Brown.

You are invited to write for free advice

No other medicine has been so successful in relieving women's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Continued Deflation Of British Prices Is Feature Of Development

Washington.—Renewed efforts on the part of the British Government to stabilize conditions in general and give an impetus to trade is the outstanding feature of the recent economic development in Great Britain, according to a cable to the United States commerce department from its commercial attaché at London.

The effort, he said, consists of the bill now before the House of Lords providing for government loans to assist capital enterprise up to a total of £25,000,000. Although the labor party is not fully satisfied with the provisions of the measure, he added, it was generally believed it would become a law.

Continued deflation of commodity prices in Great Britain, he continued, was another feature of the economic development of the past month. All commodities, except cotton in October, showing a falling off in wholesale prices.

Both imports and exports showed a decline in value of about 2.12 per cent, as compared with September, he continued, but the total foreign trade by quantity did not show a decline.

Manitoba Exhibit

Brandon.—Eleven heads of the finest show cattle in the province were sent to Chicago, where they will be displayed at the international show at Manitoba's exhibit. The car contained four heifers and seven fat steers. Two castrals of horses, to be exhibited at the show were picked up at Winnipeg.

Foundry Shops Close

Montreal.—The shops of the Canadian Car and Foundry Company at Saint Pierre-Aux-Liens and at Turco, near here, have practically closed down. The shutdown is said to be temporary and it is expected that the plant will re-open around the end of December. The plant employs about 2,000 men when fully operated.

Ridgeway Farm For Ontario

Edmonton, Ont.—The Ontario Government has bought the 100-acre farm of A. D. Brien, well-known livestock breeder, at a figure understood to be \$140,000, and will proceed at once to convert it into an experimental farm for the development of specialized crops, for which this section of Ontario is becoming noted.

British Disposing of War Supplies

London.—The government is rapidly disposing of the large amount of war stocks. Surplus stores worth £675,000,000 have been disposed of since the armistice. Liquidation is practically completed on the continent, and it is hoped shortly to close down in Egypt.

Be fair to your local merchants. Ask to see his goods and compare prices before sending your money to the mail order houses. You will find that it pays.

China Wants Chance To Play Her Part In World Advancement

Washington.—Preservation of "territorial integrity and political and administrative independence" together with preservation of the open-door policy and a prohibition against secret treaties in the Far East were included in the Chinese proposals at the Armistice Conference on Far Eastern questions.

China in return would agree "not to alienate or lease any portion of her territory" to any foreign power, and all special rights, privileges, immunities or commitments, now held in China by foreign powers are to be carefully re-examined.

All existing limitations upon China's political, jurisdiction and administrative freedom of action would be removed and provision made for future conferences from time to time for international discussion of the far eastern situation.

The Chinese proposals provide for full respect for China's rights as a nation in all future wars to which the nation is not a party, and for peaceful settlement of international disputes in the Pacific and the far east.

Dr. Wellington Koo, who presented the Chinese proposals, said they were made in the interest of all powers involved in the Far East, as well as of China and if adopted would pave the way toward solving some of the perplexing problems in laying a firmer foundation of the Pacific and Far East.

Believes No Danger Of Indian Revolution

Detroit, Mich.—Belief that there is no foundation for rumors of an impending revolution in India was expressed by Bishop H. L. Smith, of India, one of the speakers of the National Conference of the Methodist Episcopal Church. Lack of friendship between the Mohammedans and Hindus would tend to prevent such a movement, he said. Bishop Smith declared British control of India must be continued, "if anarchy is to be averted."

Opposed to Dole System

Ontario Boards of Trade Support

National Scheme for Unemployment

Brantford, Ont.—As a solution for the unemployment problem, the Associated Boards of Trade of Ontario, which opened their eighth annual convention here last week, are in favor of a national scheme, to be shared by all the provinces, cities and towns, and municipalities interested, by which industrial activities would be reopened and public works would be undertaken with a view to breaking the work over the Dominion evenly. The work would be spread in such a manner that the greatest amount of employment would be given in those localities where the unemployment problem is the most severe.

At the same time, the members of the boards of trade went on record as being opposed to the dole system of handing out charity. It was felt that some systematic method of investigation should be carried out.

Plan to Combat Smugglers

Recommend Fast Launches to Capture

Boats Carrying Liquor

Seattle.—Sea-going launches capable of traveling 30 miles an hour and armed with one-pound rapid firing guns will be recommended to combat liquor smugglers from British Columbia. Announcing that they have decided to recommend the immediate equipment of such boats, prohibition enforcement authorities and customs officials say that ordinary coast guard vessels can not compete with the smugglers for speed. Crews of the fast boats will be instructed to stop or sink any suspected craft in the sound.

Montreal Has Many Unemployed

Montreal.—There is more unemployment in Montreal this year than there has been for many years past and indications point to a very severe winter, declare many social workers. All charitable institutions are filled to capacity, while the number of applications for work has never been equalled.

Loyalists Object to Treatment

Declare Ulster Will Not Submit to

Sinn Féin Parliament

Belfast.—Two thousand Loyalists in three meetings emphatically protested against the British cabinet's treatment of Ulster. Great enthusiasm was displayed. The Lord Mayor of Belfast, presiding over the principal meeting in the Assembly Hall, declared that Ulster never would be the vassal of a Sinn Féin parliament. Resolutions to this effect were adopted unanimously. These included a resolution confidently relying upon the Liverpool conference to regulate the idea of placing Ulster under the dominion of an all-Ireland Parliament. The mention of Mr. Lloyd George's name was greeted with groans.

A resolution was also adopted endorsing the action of Sir James Craig, the Ulster premier, and his colleagues in the peace negotiations.

Saskatoon Provides For Unemployed

Men Will Be Given Work On Municipal Rock Pile

Saskatoon, Sask.—To relieve the unemployment situation here, the city council decided to provide all men who can show to the satisfaction of the medical health officer that they are destitute and cannot find work with work on a municipal rock pile. Rocks have been taken from the river and the men will be engaged in breaking them. In return they will be given cards which will be honored at various boarding places in the city.

The situation is not serious here, and this scheme is regarded as a temporary expedient. The number of unemployed in the city is probably between two and three hundred.

Rebels Attack British

One Officer and Three Men Killed by

Moulters

London.—A Reuter cable from Delhi, India, says a company of the Gurkha Rifles Regiment, holding the Pandikhat post, had a sharp engagement with 2,000 Mohl rebels, who attacked vigorously. Two-thirds of the rebels were killed while one British officer and three men were killed and 34 men wounded. One gun and a number of knives were captured. The record of other operations also discloses the use of artillery by the rebels.

Increase in Value of Building Permits

Total of Fifty-Six Canadian Cities

Shows Gain

Ottawa.—The total value of building permits in 56 Canadian cities during September last was \$9,988,157 as compared with \$9,654,085 in August, and with \$9,174,181 in September of last year.

Nova Scotia, Quebec, Ontario, Alberta and British Columbia registered gains over the preceding month, while New Brunswick, Manitoba and Saskatchewan reported decreases.

By making your purchases from your home merchant you are contributing direct to the prosperity of the community in which you live.

Factory Explosion

Kills Twelve

Accident in Prussia Forty Miles North

of Oppau

Mayence.—Twelve people have been killed and 50 injured in an explosion in a factory at Dotsheim, a short distance from Wiesbaden, Prussia. The damage to the factory is estimated at \$5,000,000.

General Despatte, commander of the French troops in that district, visited the injured and his men assisted in the rescue work. Steps are being taken by the French to relieve the distress of the survivors. Dotsheim is 40 miles north of Oppau, where an explosion in a plant on September 21, killed 1,000 persons, injured about 4,000 others and laid in waste the entire factory and the village at Oppau.

Britain Denies Soviet Charge

Says Evidence of Bolshevik Propaganda Not Based on Forgeries

London.—The British Government, it was announced, has handed the Soviet Government at Moscow a firmly worded note absolutely denying the allegations of Foreign Minister Chicherin that the British evidence of hostile Bolshevik propaganda in Central Asia and Afghanistan was founded on forged documents, German or otherwise. The note declares that the Soviet reply of Sept. 26 to the former note of Lord Curzon, the British foreign minister, apart from the allegations now denied by Lord Curzon, consisted chiefly of quibbles regarding positions held by officials and that no attempt was made to answer the very serious charges of Russian hostile propaganda in Persia or Central Asia.

Wireless Chain Scheme Collapses

London.—The Westminster Gazette says that the post office scheme of an Imperial wireless chain has collapsed and was doomed from its inception by the aloofness of the Dominion of India. It is averred in some quarters that this information is probably correct as the Home Government has shown lukewarmness lately toward the scheme.

British Press Doubts Wisdom Of Proposals Made By Balfour

Realized Blessing of Peace

New York—Limitation of armaments

by international compact is an old story to the republics of Chile and Argentina, said Felix Nieto, of the Chile consulate in New York.

From the consulate files he dug up a copy of a convention entered into by the two nations in 1902. The agreement, he said, ended danger of a threatened war over delimitation of frontiers and in commemoration there was erected on a snowy peak of the Andes a monument to the Christ of Peace.

Bandit Identified

By Finger Prints

Believed Responsible For Mail Car

Robbery Near Moose Jaw

Phoenix, Ariz.—A bandit captured here at the Santa Fe station, following an attempt to rob a mail car, was identified by finger prints as Roy Gardner, who recently escaped from the federal penitentiary at McNeil's island.

According to the police, Gardner admitted his identity.

Winnipeg.—Roy Gardner, escaped convict from McNeil's island penitentiary, reported, arrested at Phoenix, Ariz., was credited by railway police with having been responsible for the robbery of an express car on the Canadian Pacific Railway near Moose Jaw on October 19, getting away with \$5,000.

On September 22 the Canadian National Railway express was held up at Toddell, Alta., several registered packages being stolen. Descriptions of Gardner, received from the Winnipeg penitentiary, tallied with those of the bandit in both cases.

Moose Jaw.—Canadian Pacific investigation authorities here, when notified that Roy Gardner had been arrested, declared they were still convinced that Gardner robbed train No. 4 on the morning of October 15. It was stated Gardner would not likely be brought back to Moose Jaw for trial, as he already had a 50-year sentence ahead of him in the United States.

Cannot Help Russia

Unwise to Make Appeal in Canada

Just Now

Toronto.—That no relief organization was able to help afflicted Russian people from their famine gripped country and that the Canadian Red Cross Society had decided it was unwise to make any appeal in Canada at this time for Russian relief, were two points in the report of the executive committee presented to the general council of the society at its meeting here.

Cattle Shipped From Montreal

Big Revival of Export Trade Is

Looked For

Montreal.—A big revival of the Canadian export cattle trade to Great Britain is now to be regarded as certain as far as Montreal port is concerned. Up to date, thirty thousand head of Canadian cattle have been shipped to Britain during the past six months, and with several ships still to be loaded, the thirty-five thousand mark may be reached before the season closes.

Mine Helper Killed

Nanaimo, B.C.—William Smith, mine helper, was killed when a fall of rock struck him at the Cranby mine here. Smith was 24 years old and came here six weeks ago from Staffordshire, England, where he leaves a wife and five children.

Filipinos Drowned in Manila Bay

Manila.—Fifty-eight Filipinos, many of them women and children, were drowned at the entrance to Manila Bay, when the inter-island steamer Maria Luisa foundered in a heavy sea. Seventy-two others were picked up by a Japanese steamer.

British Retiring Naval Officers

London.—In connection with its policy of retrenchment in administrative expenditures, the British Admiralty has resolved to retire on pensions eighty naval captains and 200 commanders early next year, according to the Evening News.

Montreal—A verdict of suicide was

returned at the inquest into the death of Louis Ogunk, who fatally shot himself after wounding Sir Andrew Macphail in the shoulder. Sir Andrew's condition is reported as very satisfactory.

London.—The modification to the

United States disarmament proposals suggested before the conference at Washington by Arthur J. Balfour,

head of the British delegation, have met with a varied reception at the hands of the press. The Westminster Gazette says that his statement gives cause for the very gravestgivings and disappointment, and proceeds to note in particular his suggestion that the programme of battleships replacement be carried on from year to year to save armament works from total destruction.

"The suggested reservation," it says, "amounts to a proposal that we keep alive not only the vested interests of war but the whole spirit and tradition of naval competition as a sacred flame ready to burst into full blaze the moment the holiday is over."

The Daily News says regarding the suggestion that replacement be permitted continuously on a fixed scale: "This seems a dangerous breach of the whole conception of a naval holiday, which might well prove disastrous to the U.S. plan." It believes that the British public would support an absolute embargo on submarines.

The most antagonistic of the morning papers is the Morning Post, which dilates on Great Britain's exceptional position in the need to protect all lines of communication. Britain and her Dominions, it says, must be able to help one another across the oceans unhindered.

The Daily Mail declares that there is everything to be said for Mr. Balfour's suggestions as submarine warfare is most unhuman.

The London Times quoted the Cape Town Times as saying that Secretary Hughes' proposal for a naval holiday marked the most remarkable event since the outbreak of the war.

Engineer Killed By Boiler Explosion

Accident on Transcontinental Line

Near Sioux Lookout

Fort William, Ont.—Gilbert C. McNabb, of Fort William, one of the oldest engineers on the Transcontinental Railway was instantly killed, at Alcoma, two miles west of Sioux Lookout when the boiler of his locomotive exploded. Fireman George Reid, of Sioux Lookout was badly scalded on the upper part of the body, but he will recover. A special train was made up at Sioux Lookout and brought the body of McNabb and the injured fireman to the city. Reid is in the McKellar Hospital here and is progressing favorably, though seriously injured. An inquest has been ordered.

Reject Labor Party's Proposal

Australian Government Willing to Reduce

Defence Expenses By \$250,000

London.—Reuter's correspondent at Melbourne cables that the labor party's amendment in the Australian House of Representatives to the government's proposal to reduce the expenditure on defence has been rejected by 30 to 20. The government had announced that the expenditure would be cut down by \$250,000.

Labor's proposal was to make the reduction half a million pounds.

Germany Able to Pay

Berlin.—The report that Germany

has notified the allies that she will be able to meet the next reparations instalment is emphatically denied in official German quarters. A similar denial is made in entente diplomatic circles which are in close touch with the negotiations now proceeding with the reparations commission.

Rob Liquor Store and Escape

Grand Forks, B.C.—Robert Campbell, government liquor store vendor here, was held up and robbed of \$200 by two men on the highway. The men were located in the west end of the town by police officers, and engaged in a running gun fight with the bandits, but the men made good their escape.

Buried at Fort Erie

Bridgeport, Ont.—Albert Miller, the man who, it is claimed, carried the British message to the troops at Mons to "cease fire" that actually ended the war, was given a hero's burial in St. Paul's Church cemetery in Fort Erie under the auspices of the Great War Veterans' Frontiers Post.

LOOK! LOOK!

Don't let this chance run away from you!
Come in on our

Flour—Bread Competition

Canada's Best Flour is a flour that makes the ladies smile every time they want real good bread. Here is something new for you. We want all the ladies of Blairmore to try a sack. Our full guarantee is behind. Satisfaction is guaranteed or your money refunded. The price is only \$4.00 per 90-lb. sack.

For Best Loaf: First Prize \$20.00, Second Prize \$10.00, Third Prize \$5.00. Try and get one of these prizes. This contest commences on Saturday, November 26th, and ends Saturday, December 10th.

Our manager will give you full details when you purchase the flour.

Importers of Best European Products.

All vessels of the Canadian Pacific Steamships, Limited, will carry moving picture machines and give entertainments on the voyage.

Of Local Interest

For funeral flowers phone 212. Crows' Nest Pass Undertaking Co. They say there are no crows word in Sweden. That's why you so often hear such mild expressions as "cat-in-hat!"

It got so cold on Monday morning that we were obliged to trade in a box of envelopes and a rubber stamp to purchase a new pair of socks.

The annual meeting of the Red Cross Society was held in the Masonic hall yesterday afternoon and was largely attended. Tea was served.

The marriage was solemnized on Monday of Charles Mionzi and brother of Mrs. Mark Sartoris, to Miss Angelina Bodio. The young couple will reside in Blairmore.

One boy at the local school asked another what kind of weapons the lady curlers would use to substitute the awkward brooms, and the reply was: "Curling tongs!"

We understand that the man Ryo, who met with a painful accident at the local mine, in which he completely lost one eye, will save the other and that the sight of the membrane is scarcely affected.

The second lecture of the series offered by the Department of Extension of the University of Alberta will be delivered by Professor A. E. Ottewill on the night of Monday, December the 12th, entitled "Evolution," to be illustrated by lantern slides.

We understand that arrangements are being made to have a meeting in Blairmore on Monday night next addressed by R. B. Bennett, chief justice of Canada, in the interest of the Meighen government candidate. Mr. Bennett is looked upon as one of the great orators of the Dominion, and because of this little talent was for a time referred to in the public press as "Richard Rofire."

Some women can't be happy in heaven unless they can scrub it out twice a week.

Do not talk of disarmament and then give your children toy soldiers, guns and tanks.

Mr. Wood, of the inland revenue department, Lethbridge, was in town the early part of the week.

The Rebekah Degree team from Lethbridge lodge visited Bellevue last night, where they conferred the beautiful Rebekah degree on a class of twelve or fourteen candidates. Refreshments were served and a musical programme followed.

Sir Andrew McPhail, eminent surgeon and professor at McGill University, Montreal, was shot and severely wounded in the shoulder at his home by Louis Ogulnik, who later committed suicide by shooting. The man is believed to have been demented.

At least, give the home merchant, the home printing office, the home contractor and mechanic first chance. Let us stand by our own. Remember that morally we owe it to each other who are hand-in-hand workers for the development of our community.

The four capital ships of the flood class, contracts for which were placed recently and which would not be built under the United States naval limitation proposal as outlined at the Washington conference, would cost approximately forty million dollars each.

At a meeting of the executives of the Hillcrest, Coleman and Blairmore curling clubs last week, the presidents of the clubs, viz: T. Beck, Blairmore; H. C. McBurney, Coleman, and Dr. MacDonald, Hillcrest, were chosen as trustees for the Burns Cup. Mr. J. B. Wilson was chosen secretary. The location of the cup for the season will be decided by the holding of a bonspiel on the Blairmore rink at as early a date as possible, the winning team to be custodians of the trophy.
